

A **Caring Hand** Home Care

Medicare Certified

Joint Commission Accredited

A Caring Hand Home Care provides comprehensive home health services for patients who have been seriously injured, have had recent major surgery, are seriously ill, or having difficulty with aging due to physical, mental, or medical limitations. We offer you the opportunity to obtain medical services and assistance in your own home, which in most cases is preferred over being admitted to a hospital or other healthcare facility to receive needed healthcare.

Our Team of Nurses, Therapists, Social Services, and Home Health Aides are your Compassionate Caregivers and they are committed to bringing you the highest quality of care while working closely with your physician and other healthcare professionals.

Home Care Services**

- Professional Nursing Services
- Home Rehabilitation Services
- Medical Social Services
- Home Health Aide Services

Your Personal Caregivers

You have the right to expect high quality care from competent personnel under the direction of your physician (s). Our entire staff is licensed or certified and qualified in CPR.

We will give you competent, well-trained, and caring clinicians who are responsive to your needs as well as the needs of your family members, your caregivers and the communities we serve.

Each staff member will meet the State of Florida educational, training, and licensure requirements for the services they provide. We encourage and support continued education of each service provider.
